**EXAMINERS AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and /or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such amendment, it must be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Daniel McClure (Reg. No. 38,962) on October 16, 2006.

3. The application has been amended as follows:

In the Brief Description Of The Drawings section of the specification on page 5 please add a brief description of figure 9 as follow: --Figure 9 is a graph illustrating a floor plan image having a 2D vector data.--

### **REASONS FOR ALLOWANCE**

4. Claims 1-47 are allowable over the prior art of record.
5. This communication warrants no examiner's reason for allowance, as applicant's reply makes evident the reason for allowance, satisfying the record as whole as required by rule 37.CFR 1.104 (e). In this case, the substance of applicant's remarks in the Amendment filed on 13 June 2006 with respect to the amended claim limitations point out the reason claims are patentable over the prior art of record. Thus, the reason for allowance is in all probability evident from the record and no statement for examiner's reason for allowance is necessary (see MPEP 13202.14).
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***
